Collections

A way to group elements together

Collections

A way to group elements together

Zero or more elements

Collections

A way to group elements together

Zero or more elements

Different data types

Collections

A way to group elements together

Zero or more elements

Different data types

```
val a = List(1, 2, 3, 632, 9, 52, 6)
val b = List(1, "hello", true)
val c = List()
```

Collections

A way to group elements together

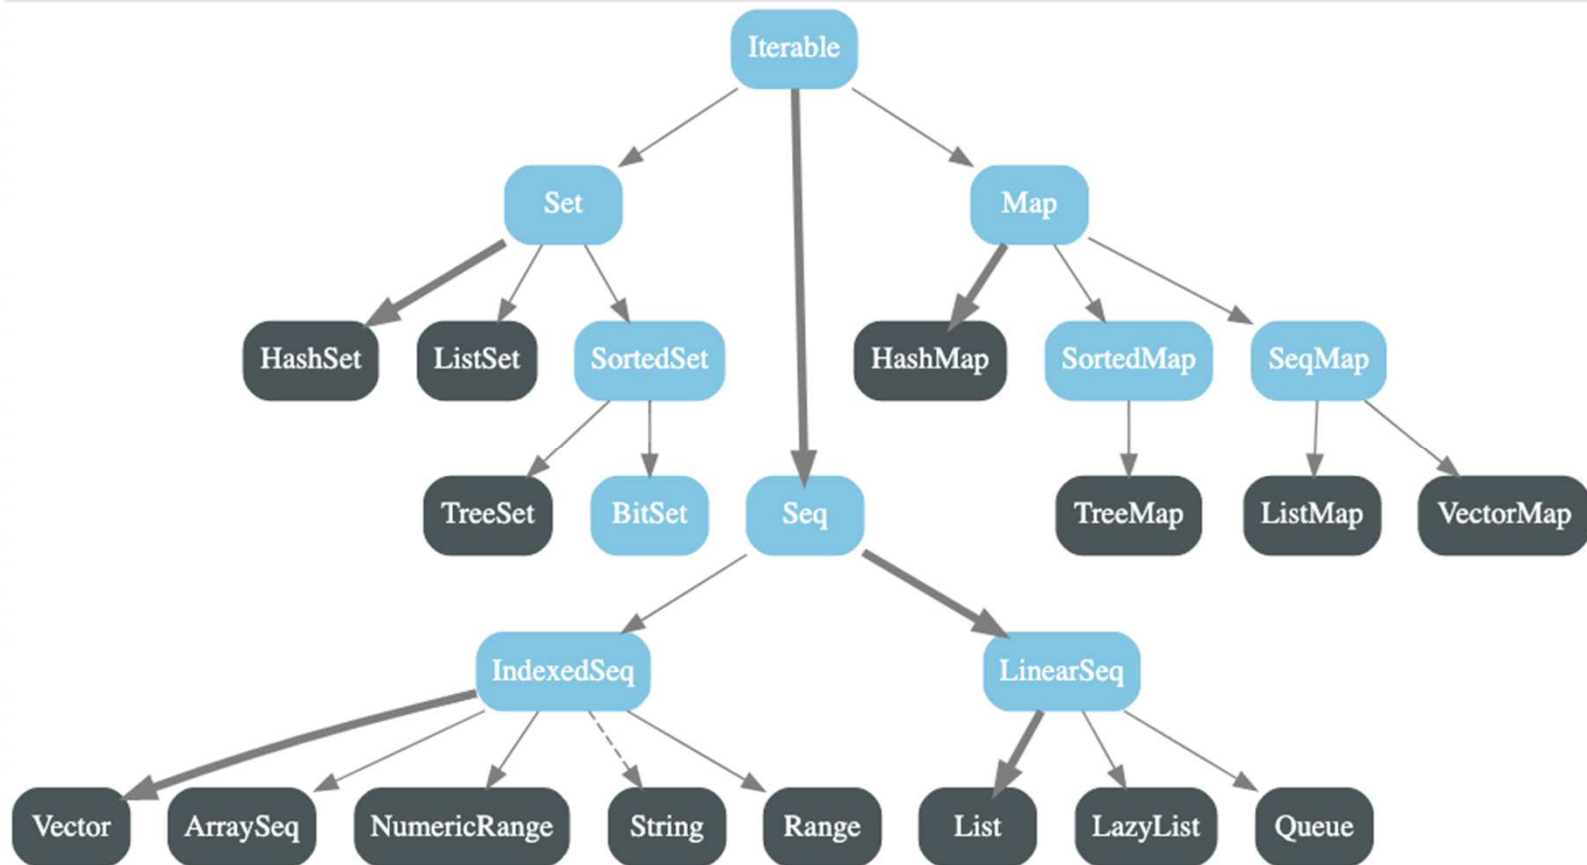

Zero or more elements

Different data types

```
val a = List(1, 2, 3, 632, 9, 52, 6)
val b = List(1, "hello", true)
val c = List()
```

Mutable vs immutable

Collections - immutable
